

TIME MANAGEMENT

Practical Solutions for Lasting Productivity

US 15234 / NQF Level 5 / Non-Credit Bearing

Optimise Your Workflow, Boost Efficiency, and Reclaim Your Time

Time management often feels like a battle against an ever-shortening day. However, the real challenge isn't a lack of time, but rather how effectively we utilise the hours available to us.

This engaging course, packed with practical tips and actionable techniques, provides a valuable opportunity to pause and reconsider how we manage ourselves, our workloads, and our collective efforts. You'll explore not just how to better handle your responsibilities, but how to transform your approach to productivity and collaboration. By reflecting on your habits, workload, and teamwork strategies, you will gain the tools to positively reshape your attitudes and behaviours.

Through developing self-awareness, mastering self-management, and embracing strategic planning, you will discover how to achieve greater control over your professional and personal life.

WHO SHOULD ATTEND

- Team leaders, managers and supervisors
- Professionals working collaboratively in teams
- Individuals seeking improved self-management and productivity

HOW YOU WILL BENEFIT

- Enhance awareness of your time management behaviours and overcome common productivity pitfalls
- Develop self-discipline, reduce procrastination, and bring back motivation
